Advisory

It is to inform all tourists that only extreme Northern part of Sikkim is not accessible. All the other destinations of the state are open for tourists and there is no any untoward situation as the impact of flood in Teesta has since normalized.

Therefore, all the regions of Sikkim under different districts viz Gangtok, Namchi, Soreng, Pakyong and Gyalshing are safe to visit and the weather conditions in these areas are very soothing in this festive season.

Sikkim is all set to welcome the guests as a proud State in India to be featured in the prestigious list of Coolest Destination to visit in 2024 by National Geographic.
